

Feb. 13, 1935

Dry Gulch Irrigation Company,
Roosevelt, Utah

RE : MONTEZ CR. DIST.

Gentlemen:

I am in receipt of a letter from J.F. Hoyt who has been acting as my agent in dividing the water on Montez creek, in which he states the difficulties he has encountered.

This is an old and aggravated case. About a year ago Mr. Hoyt wrote a letter somewhat similar to the one received recently, which I sent to you for reply but received none. I am therefore, again asking you for a reply to that letter and am submitting herewith another as of February 5, 1935.

Will you be kind enough to state frankly the position of the Dry Gulch Irrigation Company relating to Mr. Bryant's claim.

Yours very truly,

T.H. Humpherys,
STATE ENGINEER
